Perpignan, March 27th, 2009

### STATEMENT

We, AZURA, confirm that only cherry tomatoes and cherry tomatoes on the vine are grown in Dakhla and that all products we grow in the Dakhla area have the same certifications that the ones grown in the Agadir area (Global GAP). And all products are packed in our Agadir packhouse that is BRC and IFS certified.

We also confirm that no product grown in Dakhla has been packed and shipped for COOP Denmark since we do not grow round tomatoes there.

Emilie COUFLEAU
