Attn. Mr. Vladimir Torin

Dear Sara Eyckmans,

Thank you for your letter, which we received on August 29th, 2013.

Herewith we would like to inform you that, when in January 2013 we received your letter, the Central office of our main shareholder – company EuroChem MCC became interested with this issue. They expressed the wish that all correspondence on this issue would be performed by them only. The previous correspondences, including this letter, were resent to company's Central office, but we didn't have the information whether they came into contact with you.

As we mentioned in the previous letters, we are just one of the company's EuroChem MCC enterprises. EuroChem MCC is a vertically integrated company, i.e. the raw material search policy is formed and all the preparatory work prior to the purchase contract signing is done by the Central office. Our company just signs a prepared contract and carries out its commitments.

Regarding the further communication on the issue, please contact Mr. Vladimir Torin, EuroChem MCC Head of Communications: phone +7 (495) 795.2527 (ext. 1440), Vladimir.Torin@eurochem.ru.

Sincerely Yours,

Jonas Dastikas
